Microsoft Viva Insights Deployment

Microsoft Viva Insights Deployment boosts organizational productivity and well-being through data-driven insights and improved employee habits.

CHALLENGE

In the fast-paced modern work environment, organizations grapple with balancing high productivity levels and employee well-being. The challenge involves instilling productive habits without compromising employee health and satisfaction. Organizations require insights into employee engagement and collaboration patterns to make informed decisions, fostering a positive and productive work culture.

SOLUTION

The objective of our Microsoft Viva Insights Deployment service is to deploy a solution that aids employees in improving personal productivity habits while promoting well-being. The service encompasses assessing needs, mapping current challenges, providing role-specific power user training, enabling the Viva Insights service, reviewing outcomes, identifying threats to productivity and well-being, and suggesting next steps for continuous improvement.

BENEFITS

- **Increased Productivity:** Viva Insights offers best practices related to meetings, working hours, and collaboration patterns, helping employees stay on track and boosting productivity.
- **Employee Well-being:** The service fosters self-awareness and healthy work habits, contributing to employee well-being and a positive work culture.
- **Data-Driven Decision-Making:** With valuable data and trends provided by Viva Insights, organizations can make informed decisions regarding employee engagement and collaboration.

About Avange

Avange was born out of a deep understanding of both the corporate and humanitarian worlds. Our team boasts professionals who have collaborated with global giants in the private sector and have also been on the ground with esteemed organizations like the United Nations and Doctors Without Borders (MSF) European Space Agency (ESA), Argentinian Ministry of Health, and many other organizations around the world. This rich tapestry of experiences ensures that our approach is always rooted in real-world challenges and solutions.

Our strength lies in our diverse backgrounds, with team members who have navigated the precision of the corporate world and the unique demands of healthcare, NGOs, and government projects. This blend equips us with a holistic perspective, allowing us to craft IT solutions that are not only technologically advanced but also culturally sensitive and mission-aligned.

At Avange, we pride ourselves on our ability to bridge the gap between technology and the humanitarian and healthcare sectors. Our collective experience is our greatest asset, and our commitment is unwavering: to empower organizations to achieve more, serve better, and make a lasting impact.
