M365 SharePoint Optimization and Archiving

Optimize your SharePoint Online environment with Avange for enhanced performance, efficiency, and user experience through streamlined structures, efficient archiving, and improved data governance.

CHALLENGE

Organizations utilizing SharePoint Online often grapple with challenges related to performance degradation, data accessibility issues, and suboptimal user experience due to unoptimized structures and the accumulation of obsolete or redundant data. The presence of cluttered document libraries, convoluted access permissions, and non-compliance with data retention policies can significantly impede the productivity and collaborative efforts of the workforce. These challenges not only hinder the efficient utilization of SharePoint Online but also pose risks related to data governance and compliance, necessitating a strategic approach to optimization and archiving.

SOLUTION

Avange's M365 SharePoint Optimization and Archiving service is meticulously crafted to mitigate these challenges effectively. The service is designed to enhance the performance, efficiency, and usability of your SharePoint Online environment by implementing optimization and archiving best practices. Our experts will conduct a thorough analysis of your current environment, followed by the streamlining and optimization of document libraries, access permissions, and data structures. We will also assist in the identification and implementation of appropriate data retention policies, and the establishment of an effective archiving strategy to manage and retain historical data in compliance with regulatory requirements. The overarching goal is to deliver a revitalized SharePoint environment that is user-friendly, scalable, and conducive to enhanced productivity and collaboration, while also adhering to stringent data governance standards.

VALUE PROPOSITION

Avange's SharePoint Optimization and Archiving service is designed to maximize the efficiency and utility of your SharePoint Online environment. Through meticulous optimization and strategic archiving, we ensure your data is accessible, organized, secure, and compliant, fostering a collaborative and efficient workspace for your organization.

About Avange

Avange was born out of a deep understanding of both the corporate and humanitarian worlds. Our team boasts professionals who have collaborated with global giants in the private sector and have also been on the ground with esteemed organizations like the United Nations and Doctors Without Borders (MSF) European Space Agency (ESA), Argentinian Ministry of Health, and many other organizations around the world. This rich tapestry of experiences ensures that our approach is always rooted in real-world challenges and solutions.

Our strength lies in our diverse backgrounds, with team members who have navigated the precision of the corporate world and the unique demands of healthcare, NGOs, and government projects. This blend equips us with a holistic perspective, allowing us to craft IT solutions that are not only technologically advanced but also culturally sensitive and mission-aligned.

At Avange, we pride ourselves on our ability to bridge the gap between technology and the humanitarian and healthcare sectors. Our collective experience is our greatest asset, and our commitment is unwavering: to empower organizations to achieve more, serve better, and make a lasting impact.
